### **Ready for Learning Guiding Coalition members:**

Travis Dixon, Diane Grinder, Jess Knapp, Matt Grinder, Shawn Willis, David Pilgrim, Denise Turney, Ronnie Horton, Tanya Hightower, Samantha Sabo, Francis Zemlik, Travis Freeman, Hope Freeman, John McCleary, Wendy Nelson, Nichole Cunningham, Jeff Lewis, Kelsey Treadwell, Kelly Smith

# ACADEMICS

New Core Curriculum has been purchased for all grade levels and content areas. Teachers will utilize the new curriculum, along with new supplemental resources, to bridge any remaining gaps in learning.

Teachers will utilize diagnostic screeners to determine learning loss. Students who are “at-risk” academically in any content area, will be assessed using progress monitoring tools in place with each curriculum resource.

A new math intervention program has been purchased to provide extra practice for students struggling in math.

OMSD will utilize ESSER funds to hire interventionists on each campus to aid in eliminating learning gaps for students.

OMSD will utilize Google Classroom as the LMS for all traditional students. If students are quarantined, teachers can place assignments in Google classrooms. They will not be expected to teach virtually.

Hotspots will continue to be provided at no cost to any family who needs them. In addition, we will continue to provide paper and pencil work for any family that prefers this method.

# ATTENDANCE

All students enrolled at OMSD will either be enrolled in the OMSD Virtual Academy or as a traditional student. We will NOT have a hybrid option.

Absences will revert to the original policies with the exception of adding a positive Covid-19 test as excused absences.

# **BUILDING CLEANLINESS**

Hand Sanitizer in every room of the building.

Signage around building

Tables and high touch surfaces will be sanitized throughout the day with sanitizing wipes.

Classrooms will be sprayed with the fogging sanitizer as needed.

Air purifiers have been added to each classroom in the district.

# **MEAL SERVICE**

Cafeteria will be sanitized between each shift of students in the cafeteria.

## **STUDENT SAFETY**

We realize that student safety is on the minds of all our families. We have taken the following steps to ensure the best safety procedures possible for our schools.

Staff and students who have a fever or do not feel well will be encouraged to stay home. Anyone with a temperature of 100.4 or greater will be required to go home.

Hand sanitizer will be in every room of the building.

We will be providing a water bottle for each student and staff member. Water bottle filling stations have been added on each campus

All parents will need to drop students off at the main entrance of each school in order to ensure no congregating in other areas of the building.

Students can not be dropped off before 7:15am.

Classroom windows will be open when possible to improve ventilation.

## **MASK REQUIREMENTS**

Our masking policy has become flexible. Any staff or student who wishes to wear a mask may do so. However, it will not be mandated.

Isolation is required for any person who tests positive for Covid 19 until you have been fever free and asymptomatic without medication for 24 hours. Masking remains optional.

# TRANSPORTATION

School buses will be sanitized as needed.

Buses will have windows lowered when possible to improve ventilation.
